Professional Summary

Dynamic and results-driven Associate Principal Consultant with over 8 years of experience in software development and project management, specializing in the Microsoft Tech Stack. Proven expertise in Angular, React, DevOps practices, and Azure cloud solutions. Adept at leading cross-functional teams to deliver high-quality software solutions that meet client needs and drive business growth.

Technical Skills

Operating Systems	: Windows, Linux, Mac
Frameworks	: .Net, .Net Core, MS Test, X Unit
Languages and Scripting	: C#, Typescript, JavaScript, Python
Databases	: MS SQL, PostgreSQL, Cosmos DB, Mongo DB
Web Technologies	: HTML, CSS, Angular, ReactJS
Cloud Technologies	: Azure, AWS
Containerization and Orchestration	: Docker, Kubernetes
Monitoring	: Application Insights
Project Management	: Agile, Azure Boards, Jira
Version Control	: Git, TFS
IDE	: Visual Studio, VS Code
CI/CD Tools	: GitHub Workflows, Azure Pipelines

Experience

Arcadis Consulting Services | Bangalore, Karnataka, India

Associate Principal Consultant
April 2023 – Present

Lead client engagements by providing tailored consulting solutions and managing cross-functional teams to ensure project success. Utilize technical expertise to design and implement strategies while building strong stakeholder relationships. Mentor junior consultants and contribute to thought leadership within the industry.

Tech Stack

.Net Core, Cosmos DB, ReactJS, Azure Services (AAD, Functions, Storage, APIM, SQL Server, App Service, App Service Plan, Key vault), GitHub Workflows, Terraform

Kongsberg Digital Software Services | Bangalore, Karnataka, India

Senior Software Development Engineer
May 2017 – April 2023

Design, develop, and implement scalable software solutions while leading technical projects and mentoring junior developers. Collaborate with cross-functional teams to gather requirements, ensure code quality, and optimize performance. Stay updated with industry trends to drive innovation and improve development practices.

Tech Stack

.Net Core, Cosmos DB, SQL Server, Angular, Azure Pipelines, Docker, Kubernetes, Azure Services (Event Hub, Storage, Azure Functions, Key Vault, Azure Active Directory, APIM, Azure Container Registry, Azure Kubernetes Services, API Gateway, App Services, App Service Plan)

InEight India Private Limited | Bangalore, Karnataka, India

Senior Software Engineer

June 2014 – August 2016

Design, develop, and maintain high-quality software applications while leading project initiatives and mentoring junior engineers. Collaborate with cross-functional teams to gather requirements, ensure adherence to best practices, and optimize system performance. Evaluate emerging technologies to drive continuous improvement and innovation in software development processes.

Tech Stack*.Net Framework, MS SQL Server, ADO.Net, Entity Framework, WPF, WinForms, Xamarin Forms, XAML***Projects:****Project Name** : Cost Clarity**Client** : Arcadis Consulting Services**Description**

The Cost Clarity initiative at Arcadis focuses on enhancing project cost management and transparency across various stages of infrastructure development. By leveraging advanced analytics and digital tools, the project aims to provide clients with accurate cost estimates, detailed budgeting, and real-time financial tracking. This approach improves decision-making, reduces financial risks, and fosters stakeholder confidence, ultimately leading to more efficient project delivery and optimized resource allocation.

Project Name : Vessel Insights**Client** : Kongsberg Digital Software Services**Description**

The Vessel Insights initiative at Kongsberg focuses on delivering advanced data analytics and real-time monitoring solutions for maritime operations. By utilizing IoT technology and machine learning, the project aims to enhance vessel performance, optimize fuel consumption, and improve safety through predictive maintenance. This comprehensive platform provides operators with actionable insights, enabling informed decision-making and driving efficiency in maritime logistics and fleet management.

Project Name : Outsmart**Client** : Kongsberg Digital Software Services**Description**

The Outsmart initiative at Kongsberg focuses on optimizing wind asset management and reducing operational costs in renewable energy. By leveraging advanced analytics and real-time monitoring, Outsmart provides comprehensive insights into asset performance, enabling proactive maintenance and operational efficiency. The project aims to enhance decision-making for wind farm operators, improve resource allocation, and drive sustainability through data-driven strategies that minimize downtime and maximize energy production.

Project Name : Inspect Mobile**Client** : InEight India Private Limited**Description**

The Inspect Mobile initiative at InEight India is designed to enhance construction project management through mobile inspection solutions. This project enables field teams to conduct real-time inspections and data collection using mobile devices, streamlining workflows and improving accuracy. By integrating with InEight's project management platform, Inspect Mobile facilitates better communication, enhances compliance tracking, and ensures that quality standards are met, ultimately driving efficiency and reducing rework in construction projects.

Project Name : Play of the Day
Client : InEight India Private Limited

Description

The Play of the Day project at InEight India aims to improve project performance by focusing on daily reviews and insights. It uses data to track important metrics and trends, helping teams make better decisions. This project encourages a culture of ongoing improvement, allowing everyone involved to celebrate successes and tackle problems quickly, leading to more efficient project outcomes.

Education

- Bachelor's Degree in Computer Science and Engineering from JNTUA.
- Diploma in Computer Science from State Board of Technical Education and Training, Andhra Pradesh

Certifications

- Microsoft Azure Fundamentals (AZ-900)

Personal Details

Name	:	Naveen Bathina
Father Name	:	Murali Krishna Bathina
Gender	:	Male
Date of Birth	:	18/09/1989
Marital Status	:	Married
Address	:	Ojili Village and Post, Tirupati District, Andhra Pradesh, India - 524402

Certifications

- Microsoft Azure Fundamentals (AZ-900)
